Email to SMS is an easy way of sending single text messages to mobile phones.

If your email address is registered for sending messages through TNZ, you can simply:

1. Open your Email Client (e.g. Outlook)
2. " To" needs to contain the mobile number you are sending to (*mobnumber*@sms.tnz.com.au)
3. Type the message you want to send to the mobile number into the body of the email.
4. In the subject line, you may optionally include some personal details about the message for your reference
